### Independent Auditor's Report

To the Board of Education  
Calamus Wheatland Community School District

I have audited the accompanying financial statements of the governmental activities, business type activities, each major fund and the aggregate remaining fund information of Calamus Wheatland Community School District, Wheatland, Iowa, as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements listed in the table of contents. These financial statements are the responsibility of District officials. My responsibility is to express opinions on these financial statements based on my audit.

I conducted my audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe my audit provides a reasonable basis for my opinions.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities, each major fund, and the aggregate remaining fund information of Calamus Wheatland Community School District as of June 30, 2010, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, I have also issued my report dated January 11, 2011 on my consideration of Calamus Wheatland Community School District's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of my audit.

Management's Discussion and Analysis, Budgetary Comparison Information and the Schedule of Funding Progress for the Retiree Health Plan on pages 4 through 14 and 45 through 47 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. I have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. I did not audit the information and express no opinion on it.

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Calamus Wheatland Community School District's basic financial statements. Other supplementary information included in Schedules 1 through 3 and Schedule 5 the Schedule of Expenditures of Federal Awards required by U.S Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in my audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole. I previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the six years ended June 30, 2009 (which are not presented herein) and expressed unqualified opinions on those financial statements. In my opinion, the information set forth in the supplementary information for each of the seven years in the period ended June 30, 2010, appearing in Schedule 4, is fairly stated, in all material respects in relation to the basic financial statements from which it has been derived.

Kay L. Chapman, CPA PC

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

Calamus Wheatland Community School District provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2010. We encourage readers to consider this information in conjunction with the District's financial statements, which follow.

### 2010 FINANCIAL HIGHLIGHTS

- General Fund revenues decreased from \$4,806,628 in fiscal 2009 to \$4,764,352 in fiscal 2010, while General Fund expenditures increased from \$4,602,537 in fiscal 2009 to \$4,724,014 in fiscal 2010. The District's General Fund balance increased from \$938,033 in fiscal 2009 to \$978,671 in fiscal 2010, a 4.3% increase.
- The increase in expenditures is due primarily to an increase in the negotiated salary and benefits and restricted grant expenditures.
- Calamus Wheatland Schools received \$224,129 ARRA Stabilization State Aid and \$29,638 Title I funds which were both used to pay allowable expenses in the General Fund. ARRA Part B funds of \$34,350 were used for special education expenditures.
- The District's Management Fund increased by \$15,918 as a result of lower than anticipated property and liability insurance premiums and anticipated unemployment claims.
- The District's Nutrition Fund balance decreased by \$10,379 as a result of increased operating costs and reduced daily sales revenue.
- Negotiations with the Calamus Wheatland Education Association were completed for the 2010/11 school year. The certified staff received a 2.41% package increase. The Support Staff personnel are not covered under a collective bargaining unit and received a 1.732 salary increase.
- District patrons renewed the Physical Plant and Equipment Levy at \$.67 per \$1,000 assessed valuation.
- The District offered an early retirement package to eligible certified staff with two staff members electing to participate. The District will save \$48,000 in the General Fund with replacement of less experienced staff. The early retirement benefits to the eligible participants will be expensed from the Management Fund.
- The District is a recipient of the state grant for the voluntary 4-year old preschool program. This will be the District's first year offering preschool.

### USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management’s Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the District’s financial activities.

The Government-wide Financial Statements consist of a Statement of Net Assets and a Statement of Activities. These provide information about the activities of Calamus Wheatland Community School District as a whole and present an overall view of the District’s finances.

The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report Calamus Wheatland Community School District’s operations in more detail than the government-wide statements by providing information about the most significant funds. The remaining statements provide financial information about activities for which Calamus Wheatland Community School District acts solely as an agent or custodian for the benefit of those outside of the District.

Notes to Financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the District’s budget for the year, as well as presenting the Schedule of Funding Progress for the Retiree Health Plan.

Other Supplementary Information provides detailed information about the nonmajor Governmental Funds. In addition, the Schedule of Expenditures of Federal Awards provides details of various federal programs benefiting the District.

Figure A-1 shows how the various parts of this annual report are arranged and relate to one another.

**Figure A-1**  
**Calamus Wheatland Community School District Annual Financial Report**

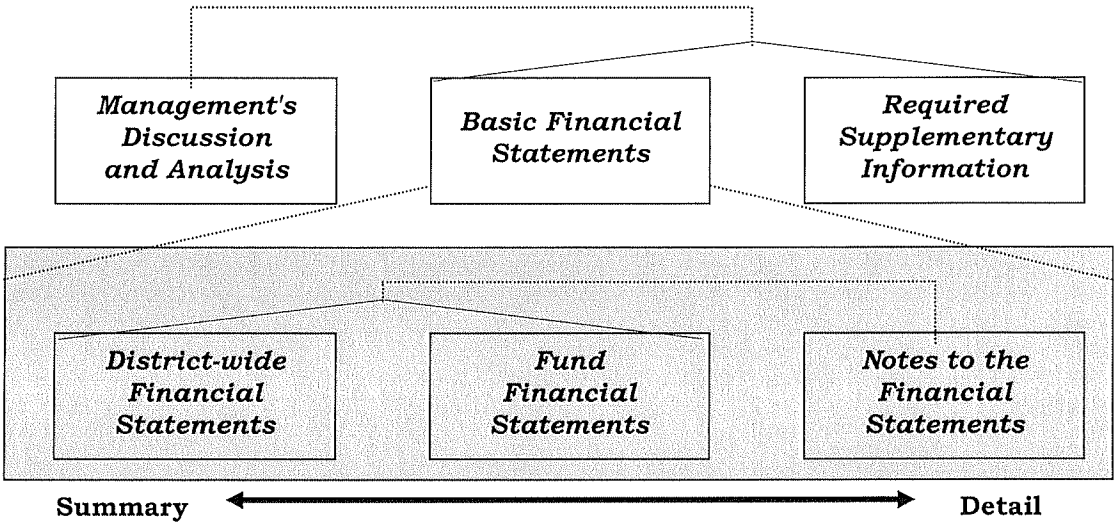

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain.

Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due during the year or soon thereafter	All revenues and expenses during the year, regardless of when cash is received or paid	All additions and deductions during the year, regardless of when cash is received or paid

## **REPORTING THE DISTRICT'S FINANCIAL ACTIVITIES**

### *Government-wide Financial Statements*

The government-wide financial statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Assets includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid.

The two government-wide financial statements report the District's net assets and how they have changed. Net assets – the difference between the District's assets and liabilities – are one way to measure the District's financial health or financial position. Over time, increases or decreases in the District's net assets are an indicator of whether financial position is improving or deteriorating. To assess the District's overall health, additional non-financial factors, such as changes in the District's property tax base and the condition of school buildings and other facilities, need to be considered.

In the government-wide financial statements, the District's activities are divided into two categories:

- *Governmental activities:* Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property tax and state aid finance most of these activities.
- *Business type activities:* The District charges fees to help cover the costs of certain services it provides. The District's school nutrition program is included here.

#### *Fund Financial Statements*

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs.

Some funds are required by state law and by bond covenants. The District establishes other funds to control and manage money for particular purposes, such as accounting for student activity funds, or to show that it is properly using certain revenues, such as federal grants.

The District has three kinds of funds:

- 1) *Governmental funds:* Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs.

The District's governmental funds include the General Fund, Special Revenue Funds, Debt Service Fund and Capital Projects Fund.

The required financial statements for governmental funds include a balance sheet and a statement of revenues, expenditures and changes in fund balances.

- 2) *Proprietary funds:* Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds also account for the District's internal service fund, which is an accounting device used to accumulate and allocate costs internally among the District's various functions. Proprietary funds are reported in the same way as the government-wide financial statements. The District's enterprise fund, one type of proprietary fund, is the same as its business type activity, but provides more detail and additional information, such as cash flows. The District currently has one enterprise fund, the School Nutrition Fund and one internal service fund, Flex-benefit Fund.

The required financial statements for proprietary funds include a statement of net assets, a statement of revenues, expenses and changes in fund net assets and a statement of cash flows.

3) *Fiduciary fund*: The District is the trustee, or fiduciary, for assets that belong to others. This fund consists of a Private-Purpose Trust Fund.

- Private-Purpose Trust Fund – The District accounts for outside donations for scholarships for individual students in this fund.

The District is responsible for ensuring the assets reported in the fiduciary funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the government-wide financial statements because it cannot use these assets to finance its operations.

The required financial statements for fiduciary funds include a statement of fiduciary net assets and a statement of changes in fiduciary net assets.

Reconciliations between the government-wide financial statements and the fund financial statements follow the fund financial statements.

## GOVERNMENT-WIDE FINANCIAL ANALYSIS

Figure A-3 below provides a summary of the District's net assets at June 30, 2010 compared to June 30, 2009.

Figure A-3

### Condensed Statement of Net Assets

	Governmental Activities		Business Type Activities		Total District		Total Change
	<u>2010</u>	<u>2009</u>	<u>2010</u>	<u>2009</u>	<u>2010</u>	<u>2009</u>	<u>2009-2010</u>

Other liabilities	<u>2,514,288</u>	<u>2,500,091</u>	<u>16,250</u>	<u>16,058</u>	<u>2,530,538</u>	<u>2,516,149</u>	0.57%
Total liabilities	<u>3,850,699</u>	<u>4,175,760</u>	<u>16,250</u>	<u>16,058</u>	<u>3,866,949</u>	<u>4,191,818</u>	-7.75%
Net assets							
Invested in capital assets, net of related debt	4,911,549	4,468,099	18,951	23,710	4,930,500	4,491,809	9.77%
Restricted	237,245	403,179	-	-	237,245	403,179	-41.16%
Unrestricted	<u>1,174,472</u>	<u>1,159,719</u>	<u>7,186</u>	<u>12,806</u>	<u>1,181,658</u>	<u>1,172,525</u>	0.78%
Total net assets	<u>\$ 6,323,266</u>	<u>\$ 6,030,997</u>	<u>\$ 26,137</u>	<u>\$ 36,516</u>	<u>\$ 6,349,403</u>	<u>\$ 6,067,513</u>	4.65%

The District's combined net assets increased by approximately 5%, or \$281,890 over the prior year. The largest portion of the District's net assets is the invested in capital assets (e.g., land, infrastructure, buildings and equipment), less the related debt. The debt related to the investment in capital assets is liquidated with sources other than capital assets.

Restricted net assets represent resources that are subject to external restrictions, constitutional provisions or enabling legislation on how they can be used. The District's restricted net assets decreased \$165,934, or approximately 41% from the prior year. This was primarily a result of a decrease in fund balance in the Capital Projects Fund.

Unrestricted net assets – the part of net assets that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements – increased \$9,133, or approximately 1%. This increase in unrestricted net assets was due to increases in revenue in the form of operating grants, property tax and charges for services.

Figure A-4 shows the changes in net assets for the year ended June 30, 2010 compared to the year ended June 30, 2009.

Figure A-4

In fiscal 2010, property and sales tax and unrestricted state grants account for 71% of the revenue from governmental activities while charges for service and sales and operating grants and contributions account for 99% of the revenue from business type activities.

The District's total revenues were \$5,992,165 of which \$5,751,213 was for governmental activities and \$240,952 was for business type activities.

As shown in Figure A-4, the District as a whole experienced a 2% decrease in revenues and a 5% increase in expenses. Property tax increased \$129,581 to fund increases in expenditures. The increases in expenses related to increases in the negotiated salary and benefits package as well as increases in expenses funded by grants received by the District.

### Governmental Activities

Revenues for governmental activities were \$5,751,213 and expenses were \$5,458,944 during the year ended June 30, 2010. In a difficult budget year, the District was able to balance the budget by trimming expenses to match available revenues.

The following table presents the total and net cost of the District's major governmental activities: instruction, support services, non-instructional programs and other expenses, for the year ended June 30, 2010 compared to the year ended June 30, 2009.

Figure A-5

	Total and Net Cost of Governmental Activities					
	Total Cost of Services			Net Cost of Services		
	2010	2009	Change 2009-2010	2010	2009	Change 2009-2010
Instruction	\$ 3,448,009	\$ 3,238,300	6.5%	\$ 2,035,819	\$ 2,160,898	-5.8%
Support services	1,508,697	1,451,678	3.9%	1,489,895	1,441,642	3.3%
Non-instructional programs	8,789	6,293	39.7%	8,789	6,293	39.7%
Other expenses	<u>493,449</u>	<u>474,665</u>	<u>4.0%</u>	<u>295,895</u>	<u>287,722</u>	<u>2.8%</u>
Total expenses	<u>\$ 5,458,944</u>	<u>\$ 5,170,936</u>	<u>5.6%</u>	<u>\$ 3,830,398</u>	<u>\$ 3,896,555</u>	<u>-1.7%</u>

For the year ended June 30, 2010:

- The cost financed by users of the District's programs was \$601,054.
- Federal and state governments subsidized certain programs with grants and contributions totaling \$1,027,492.
- The net cost of governmental activities was financed with \$2,080,988 in property taxes and \$1,608,792 in unrestricted state grants.

### Business Type Activities

Revenues for business type activities for the year ended June 30, 2010 were \$240,952, representing a 6% decrease from the prior year and expenses were \$251,331, a 1% increase over the prior year. The District's business type activities include the School Nutrition Fund. Revenues of these activities were comprised of charges for service, federal and state reimbursements and investment income.

During the year ended June 30, 2010, the District did not increase meal prices. The District considers meal price increases only when deemed necessary to meet the obligations of the School Nutrition Fund. There was a decrease in student paid and reduced paid breakfasts and lunches and an increase in free breakfasts and lunches. Federal reimbursements increased for the year by 8% from \$96,501.83 in FY09 to \$104,240 in FY10. Expenditures for supplies, including costs for food, decreased .7% from \$113,695 in FY09 to \$112,891 in FY10.

## **INDIVIDUAL FUND ANALYSIS**

As previously noted, Calamus Wheatland Community School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The financial performance of the District as a whole is reflected in its governmental funds, as well. As the District completed the year, its governmental funds reported a combined fund balance of \$1,202,039, a decrease from last year's ending fund balances of \$1,294,920. The primary reason for the decrease in combined fund balances in fiscal 2010 is due to decreased fund balance in the Capital Projects Fund.

### **Governmental Fund Highlights**

- The District's growth of the General Fund financial position is the product of several factors. The General Fund balance increased by \$40,638 from a balance of \$938,033 in FY09 to \$978,671 in FY10. Overall total expenditures increased by \$121,477 or 2.6%. The instruction function area increased \$75,115 or 2.4% and the support services are increased 2.7% or \$35,751. The major reason for increase in expenditures was for teacher salary and benefits and supplies. Total revenues decreased .8% or \$42,276. Although revenues decreased the district was able to grow the fund balance to meet future obligations of the district by ensuring that expenditures did not exceed revenues.
- The Management Fund Levy balance increased from \$25,868 in FY09 to \$41,786 in FY10. The increase was due to lower than budgeted property and liability insurance premiums and unemployment claims and anticipated early retirement incentives.
- The Capital Projects fund balance decreased from \$312,647 in FY09 to \$160,418 in FY10. Statewide sales and service tax revenues decreased \$17% or \$66,206 from the prior year. Expenditures increased by 231.42% or \$205,982 over the prior year. This increase was due to the increase in technology purchases and facilities acquisition expenditures. Previous years' funds were committed to paying off the revenue bonds of the Activity Center building.

### **Proprietary Fund Highlights**

Enterprise Fund net assets decreased from \$36,516 at June 30, 2009 to \$26,137 at June 30, 2010, representing a decrease of approximately 28%. The District reviews this fund annually and makes adjustments to the lunch fees as necessary.

## **BUDGETARY HIGHLIGHTS**

Over the course of the year, Calamus Wheatland Community School District amended its annual budget one time to reflect additional revenue and expenditures

associated with increased costs of operation and the Microsoft Settlement technology purchases not originally budgeted at the time the budget was certified.

The District's revenues were \$6,294 less than budgeted revenues, a variance of approximately less than .1%. The most significant variance resulted from the District receiving less in local sources than originally anticipated.

Total expenditures were \$365,781 less than budgeted. It is the District's practice to budget expenditures at a reasonably higher amount but less than the maximum authorized spending authority for the General Fund. The District then manages or controls General Fund spending through its line-item budget. As a result, the District's certified budget should always exceed actual expenditures for the year.

## CAPITAL ASSETS AND DEBT ADMINISTRATION

### Capital Assets

At June 30, 2010, the District had invested \$6,170,500, net of accumulated depreciation, in a broad range of capital assets, including land, buildings, athletic facilities, computers, audio-visual equipment and transportation equipment. (See Figure A-6) This represents a net increase of approximately .5% from last year. More detailed information about the District's capital assets is presented in Note 5 to the financial statements. Depreciation expense for the year was \$259,267.

The original cost of the District's capital assets was \$10,845,312. Governmental funds account for \$10,740,453, with the remainder of \$104,859 accounted for in the Proprietary, School Nutrition Fund.

The largest change in capital asset activity during the year occurred in the buildings and improvements category. The District's buildings and improvements totaled \$5,238,371 at June 30, 2010 compared to \$5,330,026 at June 30, 2009 due to the annual depreciation taken on the assets exceeding the cost of assets purchased in this area during fiscal 2010.

### Long-Term Debt

At June 30, 2010, the District had \$1,336,411 in general obligation and other long-term debt outstanding. This represents a decrease of approximately 20% from last

year. (See Figure A-7) Additional information about the District's long-term debt is presented in Note 6 to the financial statements.

The District continues to carry a general obligation bond rating of Aa3 assigned by national rating agencies to the District's debt since 1997. The Constitution of the State of Iowa limits the amount of general obligation debt districts can issue to 5 percent of the assessed value of all taxable property within the District. The District's outstanding general obligation debt is significantly below its constitutional debt limit of approximately \$6 million.

## ECONOMIC FACTORS BEARING ON THE DISTRICT'S FUTURE

At the time these financial statements were prepared and audited, the District was aware of several existing circumstances that could significantly affect its financial health in the future:

- Although the District had experienced stable enrollment for the past few years, the District expects a slight decrease in enrollment due to smaller graduating classes and then a decline with several larger graduating classes.
- The District continually evaluates the condition of its vehicle fleet. Due to increased miles on cars, the District will pursue replacing vehicles with funds available in the Physical Plant and Equipment Levy Fund.
- The District negotiates with the Calamus Wheatland Education Association on an annual basis. The negotiated wage and benefit package with health insurance benefits have continued to increase over the past years. Settlements in excess of "new money" or allowable growth in state funding will have an adverse effect on the District's General Fund budget and related fund balance.
- The District had total an outstanding early retirement payable from the Special Revenue Management Fund of \$62,054 at June 30, 2010. This package was offered during FY10 and is a three year retirement package.
- The District implemented their OPEB benefits as required by GASB Statement No. 45 Accounting and Financial Reporting by Employers for Postemployment Benefits

Other Than Pensions for the year ended June 30, 2010. The District's net OPEB liability was determined by an actuarial to be \$34,357 for FY10.

### **CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT**

This financial report is designed to provide the District's citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Marika Pewe, District Secretary/Treasurer and Business Manager, Calamus Wheatland Community School District, 110 East Park Road, PO Box 279, Wheatland, Iowa, 52777.

CALAMUS WHEATLAND COMMUNITY SCHOOL DISTRICT  
Reconciliation of the Statement of Revenues, Expenditures and  
Changes in Fund Balances - Governmental Funds  
to the Statement of Activities  
For the Year Ended June 30, 2010

Exhibit F

**Net change in fund balances - total governmental funds** \$ (92,881)

**Amounts reported for governmental activities in the Statement of Activities  
are different because:**

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, those costs are not reported in the Statement of Activities and are allocated over their estimated useful lives as depreciation expense in the Statement of Activities. Capital outlay expenditures and depreciation expense are as follows:

Expenditures for capital assets	\$ 257,912	
Gain on disposal of capital assets	4,377	
Depreciation expense	<u>(254,508)</u>	7,781

Certain revenues not collected for several months after year-end are not considered available revenue and are deferred in the governmental funds. 39,221

The Internal Service Fund is used by the District to charge the costs of the flex-benefit plan to individual funds. The change in net assets of the Internal Service Fund is reported with governmental activities. (2,244)

Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets. 435,669

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds, as follows:

Early retirement	(62,054)	
Other postemployment benefits	<u>(34,357)</u>	(96,411)

Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the governmental funds when due. In the Statement of Activities, interest expense is recognized as the interest accrues, regardless of when it is due.

**Change in net assets of governmental activities** 1,134  
\$292,269

## CALAMUS WHEATLAND COMMUNITY SCHOOL DISTRICT

### Notes to Financial Statements

June 30, 2010

#### **Note 1. Summary of Significant Accounting Policies**

The Calamus Wheatland Community School District is a political subdivision of the State of Iowa and operates public schools for children in grades kindergarten through twelve. Additionally, the District either operates or sponsors various adult education programs. The geographic area served includes the Cities of Calamus and Wheatland, Iowa, and the agricultural territory in Clinton and Scott Counties. The District is governed by a Board of Education whose members are elected on a non-partisan basis.

The District's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

##### A. Reporting Entity

For financial reporting purposes, Calamus Wheatland Community School District has included all funds, organizations, agencies, boards, commissions, and authorities. The District has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on, the District. The Calamus Wheatland Community School District has no component units which meet the Governmental Accounting Standards Board criteria.

Jointly Governed Organizations - The District participates in a jointly governed organization that provides services to the District but does not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The District is a member of the County Assessor's Conference Board.

##### B. Basis of Presentation

Government-wide Financial Statements - The Statement of Net Assets and the Statement of Activities report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for service.

The Statement of Net Assets presents the District's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories:

*Invested in capital assets, net of related debt* consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

*Restricted net assets* result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

*Unrestricted net assets* consist of net assets not meeting the definition of the two preceding categories. Unrestricted net assets often have constraints on resources imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements - Separate financial statements are provided for governmental, proprietary, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as other nonmajor governmental funds.

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. All general tax revenues and other revenues that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, including instructional, support and other costs.

The District reports no major proprietary funds. However, the District reports two nonmajor proprietary funds; the enterprise, School Nutrition Fund, which is used to account for the food service operations of the District and one internal service fund, which is utilized for employee health insurance benefits.

The District also reports a fiduciary fund which focuses on net assets and changes in net assets. The District's fiduciary fund consists of the following:

The Private Purpose Trust Fund is used to account for assets held by the District under trust agreements which require income earned to be used to benefit individuals through scholarship awards.

### C. Measurement Focus and Basis of Accounting

The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the District.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, early retirement benefits, and claims and judgments are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs, and then general revenues.

The proprietary funds of the District apply all applicable GASB pronouncements, as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and

delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's enterprise fund are charges to customers for sales and services. Operating expenses for the enterprise fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The District maintains its financial records on the cash basis. The financial statements of the District are prepared by making memorandum adjusting entries to the cash basis financial records.

#### D. Assets, Liabilities and Fund Equity

The following accounting policies are followed in preparing the financial statements:

Cash, Pooled Investments and Cash Equivalents - The cash balances of most District funds are pooled and invested. Investments are stated at fair value, except for the investment in the Iowa Schools Joint Investment Trust, which is valued at amortized cost and non-negotiable certificates of deposit which are stated at cost.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash, and at the day of purchase, they have a maturity date no longer than three months.

Property Tax Receivable - Property tax in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date that the tax asking is certified by the Board of Education. Delinquent property tax receivable represents unpaid taxes for the current year and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Education to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the District is required to certify its budget in April of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding property tax receivable has been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1 ½ % per month penalty for delinquent payments; is based on January 1, 2008 assessed property valuations; is for the tax accrual period July 1, 2009 through June 30, 2010 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in April 2009.

Due From Other Governments - Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories - Inventories are valued at cost using the first-in, first-out method for purchased items and government commodities. Inventories of proprietary funds are recorded as expenses when consumed rather than when purchased or received.

Capital Assets - Capital assets, which include property, furniture and equipment, are reported in the applicable governmental or business type activities columns in the government-wide Statement of Net Assets. Capital assets are recorded at historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are defined by the District as assets with an initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

<u>Asset Class</u>	<u>Amount</u>
Land	\$ 2,500
Buildings	\$ 2,500
Improvements other than buildings	\$ 2,500
Intangibles	\$50,000
Furniture and equipment:	
School Nutrition Fund equipment	\$ 500
Other furniture and equipment	\$ 2,500

Capital assets are depreciated using the straight line method of depreciation over the following estimated useful lives:

<u>Asset Class</u>	<u>Useful Life</u>
Buildings	50 years
Improvements other than buildings	20 years
Intangibles	5-10 years
Furniture and equipment	5-12 years

Salaries and Benefits Payable - Payroll and related expenses for teachers with annual contracts corresponding to the current school year, which are payable in July and August, have been accrued as liabilities. Also, wages for hourly employees earned in June and paid in July have been accrued as liabilities. The rate in effect at June 30, 2010 was used to calculate the salaries payable.

Deferred Revenue - Although certain revenues are measurable, they are not available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue in the governmental fund financial statements represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current

period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue consists of unspent federal grant proceeds, as well as property tax receivables and income surtax receivables not collected within sixty days after year end.

Deferred revenue on the Statement of Net Assets consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied.

Long-term Liabilities - In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the Statement of Net Assets.

Fund Balance - In the governmental fund financial statements, reservations of fund balance are reported for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

Net Assets - Invested in capital assets, net of related debt consists of capital assets net of accumulated depreciation and reduced by the outstanding balance of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net assets consist of net assets with constraints placed on the use either externally imposed by creditors, grantors, contributors or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The government-wide statement of net assets reports \$11,380 of restricted net assets which is restricted by enabling legislation.

#### E. Budgeting and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information.

### **Note 2. Cash and Pooled Investments**

The District's deposits in banks at June 30, 2010 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The District is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Education; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

At June 30, 2010, the District had investments in the Iowa Schools Joint Investment Trust Diversified Portfolio which are valued at an amortized cost of \$9,096 pursuant to Rule 2a-7 under the Investment Company Act of 1940.

Credit risk. The investment in the Iowa Schools Joint Investment Trust were rated Aaa by Moody's Investors Service.

**Note 3. Due From and Due to Other Funds**

Details of the interfund receivables and payables at June 30, 2010 are as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Non-major governmental		
Capital Projects	Debt Service	\$37,566

The Debt Service Fund had a negative cash balance at June 30, 2010; however, since the Debt Service Fund shares a bank account with the Capital Projects Fund, the negative bank balance is shown as a Due To and Due From on the balance sheet.

**Note 4. Interfund Transfers**

The detail of interfund transfers for the year ended June 30, 2010 is as follows:

<u>Transfer To</u>	<u>Transfer From</u>	<u>Amount</u>
Debt Service	Capital Projects	\$ 232,240

Transfers generally move revenues from the fund statutorily required to collect the resources to the fund statutorily required to expend the resources. The transfers from the Capital Projects Fund to the Debt Service Fund were to move resources from debt issuance to help pay principal and interest on debt.

## Note 5. Capital Assets

Capital assets activity for the year ended June 30, 2010 was as follows:

	Balance, Beginning of Year	Additions	Deletions	Balance, End of Year
<u>Governmental activities</u>				
Capital assets not being depreciated:				
Land	<u>\$ 260,444</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 260,444</u>
Capital assets being depreciated:				
Buildings and improvements	8,278,438	44,572	-	8,323,010
Improvements other than buildings	617,860	-	-	617,860
Furniture and equipment	<u>1,361,016</u>	<u>213,340</u>	<u>(35,217)</u>	<u>1,539,139</u>
Total capital assets being depreciated	<u>10,257,314</u>	<u>257,912</u>	<u>(35,217)</u>	<u>10,480,009</u>
Less accumulated depreciation for:				
Buildings and improvements	2,948,412	137,219	(992)	3,084,639
Improvements other than buildings	317,892	27,445	-	345,337
Furniture and equipment	<u>1,107,686</u>	<u>89,844</u>	<u>(38,602)</u>	<u>1,158,928</u>
Total accumulated depreciation	<u>4,373,990</u>	<u>254,508</u>	<u>(39,594)</u>	<u>4,588,904</u>
Total capital assets being depreciated, net	<u>5,883,324</u>	<u>3,404</u>	<u>4,377</u>	<u>5,891,105</u>
Governmental activities capital assets, net	<u>\$ 6,143,768</u>	<u>\$ 3,404</u>	<u>\$ 4,377</u>	<u>\$ 6,151,549</u>
<u>Business type activities</u>				
Furniture and equipment	\$ 104,859	\$ -	\$ -	\$ 104,859
Less accumulated depreciation	<u>81,149</u>	<u>4,759</u>	<u>-</u>	<u>85,908</u>
Business type activities capital assets, net	<u>\$ 23,710</u>	<u>\$ (4,759)</u>	<u>\$ -</u>	<u>\$ 18,951</u>

Depreciation expense was charged to the following functions:

### Governmental activities

Instruction	
Regular	\$ 22,986
Support services	
Operation and maintenance of plant	1,749
Transportation	<u>63,142</u>
	87,877
Unallocated depreciation	<u>166,631</u>
Total governmental activities depreciation expense	<u>\$ 254,508</u>

**Business type activities**

Food service operations

\$ 4,759**Note 6. Long-term Liabilities**

Changes in long-term liabilities for the year ended June 30, 2010 are summarized as follows:

	Balance, Beginning of Year	Additions	Reductions	Balance, End of Year	Due Within One Year
<u>Governmental activities</u>					
General obligation bonds	\$ 1,530,000	\$ -	\$ 290,000	\$ 1,240,000	\$ 300,000
Revenue bonds	145,669	-	145,669	-	-
Net OPEB liability	-	34,357	-	34,357	-
Early retirement	-	62,054	-	62,054	20,685
Totals	<u>\$ 1,675,669</u>	<u>\$ 96,411</u>	<u>\$ 435,669</u>	<u>\$ 1,336,411</u>	<u>\$ 320,685</u>

Interest costs incurred and charged to expense on all long-term debt was \$40,001 for the year ended June 30, 2010. During the year ended June 30, 2010, the District made principal payments on total long-term debt of \$435,669.

Refunded General Obligation Bonds

On May 26, 2009 the District issued \$1,530,000 of general obligation bonds to refund the general obligation bond issue of May 3, 2001. On June 1, 2009 the remaining balance of \$1,515,000 of the 2001 issue was called and paid from the proceeds of the refunding general obligation bonds. This amount is considered to be extinguished and, therefore, excluded from the long-term debt of the District at June 30, 2009. This current refunding was undertaken to reduce total debt service payments over the next five years by \$51,073 and resulted in an economic gain of \$56,846.

Details of the District's June 30, 2010 general obligation bonded indebtedness are as follows:

Year Ending June 30,	Bond Issue of May 26, 2009			
	Interest Rates	Principal	Interest	Total
2011	2.30	\$ 300,000	\$ 32,788	\$ 332,788
2012	2.50	305,000	25,888	330,888
2013	2.75	315,000	18,262	333,262
2014	3.00	<u>320,000</u>	<u>9,600</u>	<u>329,600</u>
Totals		<u>\$ 1,240,000</u>	<u>\$ 86,538</u>	<u>\$ 1,326,538</u>

## **Note 7. Pension and Retirement Benefits**

The District contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by State statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, IA, 50306-9117.

Plan members were required to contribute 4.30%, 4.10 % and 3.90% of their annual covered salary and the District was required to contribute 6.65%, 6.35% and 6.05% of annual covered payroll for the years ended June 30, 2010, 2009 and 2008 respectively. Contribution requirements are established by State statute. The District's contribution to IPERS for the years ended June 30, 2010, 2009 and 2008 were \$207,361, \$191,209 and \$174,858, respectively, equal to the required contributions for each year.

## **Note 8. Risk Management**

The District is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The District assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

## **Note 9. Area Education Agency**

The District is required by the Code of Iowa to budget for its share of special education support, media, and educational services provided through the area education agency. The District's actual amount for this purpose totaled \$197,554 for the year ended June 30, 2010 and is recorded in the General Fund by making a memorandum adjusting entry to the cash basis financial statements.

## **Note 10. Deficit Balance**

The District had an unreserved fund deficit of \$34,160 in the Debt Service Fund at June 30, 2010.

## **Note 11. Self-funded Health Insurance**

The District utilizes a partial self-funded/partial fully funded plan. This is a combination of a low self-funded single of \$300/\$600 and family \$600/\$900 and a high fully funded plan

through Wellmark of single \$2,000/\$4,000 and family \$4,000/\$8,000. Payments to Wellmark are made for its premium and deposits into the Internal Service Fund are made monthly for the self-funded portion. The self-fund plan (Internal Service Fund) deposits and the independent administrator funds/pays for the claim exposure between the two or \$3,400 for single and \$7,100 for family. After the total exposure has been maximized, the fully-funded carrier pays 100%. The District estimates that 25% of those covered will reach full maximum exposure.

At June 30, 2010, the District had accumulated an excess of \$157,187 in its Internal Service Fund to cover employee health care claims. Also, the District continues to fund this plan by depositing premiums into the account on a monthly basis. The District's deposits into this fund have exceeded claims paid from the fund during the years ended June 30, 2010, 2009, 2008, 2007 and 2006. All submitted claims had been paid or accrued at June 30, 2010. The District does not expect claims to exceed monies available in the fund during the year ending June 30, 2010. The District is contingently liable for any claims in excess of funds available at June 30, 2010.

Liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an estimated amount for claims that have been incurred but not reported (IBNR) which represent estimates of the eventual loss on claims arising prior to year-end. Claims liabilities are reported in the financial statements in other current liabilities. Changes in the balances of claims liabilities during the past two fiscal years are as follows:

	Year Ended June 30,	
	2010	2009
Unpaid claims, beginning of year	\$ 19,209	\$ 17,644
Current year claims and changes in estimates	134,009	129,622
Claim payments	<u>(133,094)</u>	<u>(128,057)</u>
Unpaid claims, end of year	<u>\$ 20,124</u>	<u>\$ 19,209</u>

## **Note 12. Contingencies**

Grant Funding - The District participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants were subjected to local audit but still remain open to audit by the appropriate grantor government. If expenditures are disallowed by the grantor government due to noncompliance with grant program regulations, the District may be required to reimburse the grantor government. As of June 30, 2010, significant amounts of grant expenditures have not been audited by granting authorities but the District believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the District.

Insurance Plan - As discussed in Note 11, the District is contingently liable for any unreported claim or assessment in excess of their balance in the Internal Service Insurance Fund.

### Note 13. Other Postemployment Benefits (OPEB)

The District implemented GASB Statement No. 45 Accounting and Financial Reporting by Employers for Post employment Benefits other than Pensions during the year ended June 30, 2010.

Plan Description – The District operates a single-employer retiree benefit plan which provides medical and prescription drug benefits for retirees and their spouses. There are 200 active and 12 retired members in the plan. Participants must be age 55 or older at retirement.

The medical/prescription drug benefits are provided through a fully-insured plan with Wellmark. Retirees under age 65 pay the same premium for the medical/prescription drug benefit as active employees, which results in an implicit rate subsidy and an OPEB liability.

Funding Policy – The contribution requirements of the plan members are established and may be amended by the District. The District currently finances the retiree benefit plan on a pay-as-you-go basis.

Annual OPEB Cost and Net OPEB Obligation – The District's annual OPEB cost is calculated based on the annual required contribution (ARC) of the District, an amount actuarially determined in accordance with GASB Statement No. 45. The ARC represents a level of funding which, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years.

The following table shows the components of the District's annual OPEB cost for the year ended June 30, 2010, the amount actually contributed to the plan and changes in the District's net OPEB obligation:

Annual required contribution	\$ 34,357
Interest on net OPEB obligation	-
Adjustment to annual required contribution	<u>-</u>
Annual OPEB cost	34,357
Contributions made	<u>-</u>
Increase in net OPEB obligation	34,357
Net OPEB obligation beginning of year	<u>-</u>
Net OPEB obligation end of year	<u><u>\$ 34,357</u></u>

For calculation of the net OPEB obligation, the actuary has set the transition day as July 1, 2009. The end of year net OPEB obligation was calculated by the actuary as the cumulative difference between the actuarially determined funding requirements and the actual contributions for the year ended June 30, 2010.

For the year ended June 30, 2010, the District contributed nothing to the medical plan. Plan members eligible for benefits contributed none of the premium costs.

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation as of June 30, 2010 are summarized as follows:

<u>Year</u> <u>Ended</u>	<u>Annual</u> <u>OPEB Cost</u>	<u>Percentage of</u> <u>Annual OPEB</u> <u>Cost Contributed</u>	<u>Net</u> <u>OPEB</u> <u>Obligation</u>
06/30/10	\$34,357	0.0%	\$34,357

Funded Status and Funding Progress – As of July 1, 2009, the most recent actuarial valuation date for the period July 1, 2009 through June 30, 2010, the actuarial accrued liability was \$275,450, with no actuarial value of assets, resulting in an unfunded actuarial accrued liability (UAAL) of \$275,540. The covered payroll (annual payroll of active employees covered by the plan) was approximately \$3.1 million and the ratio of UAAL to covered payroll was 8.9%. As of June 30, 2010, there were no trust fund assets.

Actuarial Methods and Assumptions – Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the health care cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress, presented as Required Supplementary Information in the section following the Notes to Financial Statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the plan as understood by the employer and the plan members and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

As of July 1, 2009 actuarial valuation date, the frozen entry age actuarial cost method was used. The actuarial assumptions include a 2.5% discount rate based on the District's funding policy. The projected annual medical trend rate is 6%. The ultimate medical trend rate is 6%.

Mortality rates are from the 94 Group Annuity Mortality Table, applied on a gender-specific basis. Annual retirement and termination probabilities were developed from the retirement probabilities from the IPERS Actuarial Report as of June 30, 2007 and applying the termination factors used in the IPERS Actuarial Report as of June 30, 2007.

The UAAL is being amortized as a level percentage of projected payroll expense on an open basis over 30 years.

#### **Note 14. Related Party Transactions**

During the year ended June 30, 2010, the District entered into business transactions totaling \$594 with RPJ Enterprises, a company partly owned by Board Member Ryan Vander Heiden. The transactions were for bus maintenance and repairs.

#### **Note 15. New Governmental Accounting Standards Board (GASB) Statements**

The District implemented the following statements during the year ended June 30, 2010:

- GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. This Statement establishes standards for the measurement, recognition and display of other postemployment benefits expenses and related liabilities or assets, note disclosures and, if applicable, required supplementary information in the financial reports. The effect of the adoption of this Statement to the District was to record a liability of \$34,357 for the net other postemployment benefit obligation. The actuarial accrued liability is estimated by an actuary to be \$275,540.
- GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*. This Statement provides guidance regarding how to identify, account for, and report intangible assets. The new standard characterizes an intangible asset as an asset that lacks physical substance, is nonfinancial in nature, and has an initial useful life extending beyond a single reporting period. Examples of intangible assets include easements, computer software, water rights, timber rights, patents and trademarks. This standard provides that intangible assets be classified as capital assets (except for those explicitly excluded from the scope of the new standard, such as capital leases). Relevant authoritative guidance for capital assets should be applied to these intangible assets. This Statement had no effect to the District since the District had no intangible assets to be reported as of June 30, 2010.
- GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*. This Statement will improve how state and local governments report information about derivative instruments in their financial statements. The Statement specifically requires governments to measure most derivative instruments at fair value in their financial statements that are prepared using the economic resources measurement focus and the accrual basis of accounting. The guidance in the Statement also addresses hedge accounting requirements. This Statement had no effect to the District. Furthermore, Iowa Code Chapter 128.10 does not authorize districts to invest in derivative instruments.
- GASB Statement No. 58 *Accounting and Financial Reporting for Chapter 9 Bankruptcies*. This Statement provides guidance for governments that have petitioned for protection from creditors by filing for bankruptcy under Chapter 9 of the United States Bankruptcy Code. It establishes requirements for recognizing and measuring the effects of

the bankruptcy process on assets and liabilities, and for classifying changes in those items and related costs. The adoption of this statement had no effect to the District.

As of June 30, 2010, the GASB had issued several Statements not yet implemented by the District. The Statements which might impact the District are as follows:

- GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. Issued March 2009, will be effective for the District beginning with its year ending June 30, 2011. This Statement is intended to improve the usefulness of information provided to financial report users about fund balances by providing clearer, more structured fund balance clarifications,. And by clarifying the definitions of existing governmental fund types. Fund balance information is among the most widely and frequently used information in state and local government financial reports. The GASB developed this standard to address the diversity of practice and the resulting lack of consistency that had evolved in fund balance reporting. To reduce confusion, the new standard establishes a hierarchy of fund balance classification based primarily on the extent to which government is bound to observe spending constraints.
- GASB Statement No. 57 OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans, an amendment of GASB Statement No. 43 and No. 45, issued January 2010, will be effective for the District beginning with its year ending June 30, 2012. This Statement addresses issues related to measurement of OPEB obligations by certain employers participating in agent multiple-employer OPEB plans.
- GASB Statement No. 59, Financial Instruments Omnibus, issued June 2010, will be effective for the District beginning with its year ending June 30, 2011. This Statement is intended to update and improve existing standards regarding financial reporting of certain financial instruments and external investments pools. Specifically, this Statement provides financial reporting guidance by emphasizing the applicability of SEC requirements to certain external investments pool, addressing the applicability of GASB 53, *Accounting and Financial Reporting for Derivative Instruments*, and applying the reporting provisions for interest-earning investment contracts of GASB 31, *Accounting and Financial Reporting for Certain Investments and for External Investments Pools*.

The District's management has not yet determined the effect these Statements will have on the District's financial statements.

#### **Note 16. Deficit Fund Balance**

The District's Debt Service Fund had an unreserved, undesignated fund deficit of \$34,160 at June 30, 2010.

CALAMUS WHEATLAND COMMUNITY SCHOOL DISTRICT  
Notes to Required Supplementary Information – Budgetary Reporting  
For the Year Ended June 30, 2010

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds except Private Purpose Trust and Internal Service Funds. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on the GAAP basis.

Formal and legal budgetary control for the certified budget is based upon four major classes of expenditures/expenses known as functions, not by fund. These four functions are instruction, support services, non-instructional programs and other expenditures. Although the budget document presents function expenditures or expenses by fund, the legal level of control is at the aggregated function level, not by fund. The Code of Iowa also provides District expenditures in the General Fund may not exceed the amount authorized by the school finance formula. During the year, the District adopted one budget amendment increasing budgeted expenditures by \$218,439.

Independent Auditor's Report on Internal Control  
over Financial Reporting and on Compliance and Other Matters  
Based on an Audit of Financial Statements Performed in Accordance  
with Government Auditing Standards

To the Board of Education  
Calamus Wheatland Community School District

I have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Calamus Wheatland Community School District as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements listed in the table of contents, and have issued my report thereon dated January 11, 2011. I conducted my audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered Calamus Wheatland Community School District's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing my opinion on the effectiveness of Calamus Wheatland Community School District's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of Calamus Wheatland Community School District's internal control over financial reporting.

My consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance all deficiencies, significant deficiencies or material weaknesses have been identified. However, as described in the accompanying Schedule of Findings and Questioned Costs, I identified certain deficiencies in internal control over financial reporting I consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of the control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness

is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the District's financial statements will not be prevented or detected and corrected on a timely basis. I consider the deficiencies in internal control described in Part II of the accompanying Schedule of Findings and Questioned Costs as items II-A-10 and II-B-10 to be material weaknesses.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Calamus Wheatland Community School District's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards. However, I noted certain immaterial instances of non-compliance or other matters that are described in Part IV of the accompanying Schedule of Findings and Questioned Costs.

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2010 are based exclusively on knowledge obtained from procedures performed during my audit of the financial statements of the District. Since my audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Calamus Wheatland Community School District's responses to findings identified in my audit are described in the accompanying Schedule of Findings and Questioned Costs. While I have expressed my conclusions on the District's responses, I did not audit Calamus Wheatland Community School District's responses and, accordingly, I express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Calamus Wheatland Community School District and other parties to whom Calamus Wheatland Community School District may report, including federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

I would like to acknowledge the many courtesies and assistance extended to me by the personnel of the Calamus Wheatland Community School District during the course of my audit. Should you have any questions concerning any of the above matters, I shall be pleased to discuss them with you at your convenience.

Independent Auditor's Report on Compliance with Requirements Applicable  
to Each Major Program and on Internal Control over Compliance  
in Accordance with OMB Circular A-133

To the Board of Education  
Calamus Wheatland Community School District

Compliance

I have audited the compliance of Calamus Wheatland Community School District with the types of compliance requirements described in U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2010. Calamus Wheatland Community School District's major federal programs are identified in Part I of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grant agreements applicable to each of its major federal programs is the responsibility of Calamus Wheatland Community School District's management. My responsibility is to express an opinion on Calamus Wheatland Community School District's compliance based on my audit.

I conducted my audit of compliance in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that I plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Calamus Wheatland Community School District's compliance with those requirements and performing such other procedures as I consider necessary in the circumstances. I believe my audit provides a reasonable basis for my opinion. My audit does not provide a legal determination on Calamus Wheatland Community School District's compliance with those requirements.

In my opinion, Calamus Wheatland Community School District complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2010.

Internal Control Over Compliance

The management of Calamus Wheatland Community School District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grant agreements applicable to federal programs. In planning

and performing my audit, I considered Calamus Wheatland Community School District's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine my auditing procedures for the purpose of expressing my opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of Calamus Wheatland Community School District's internal control over compliance.

My consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance all deficiencies, significant deficiencies or material weaknesses have been identified. However, as discussed below, I identified a deficiency in internal control over compliance I consider to be a material weakness.

A deficiency in the District's internal control over compliance exists when the design or operation of the control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis. I consider the deficiency in internal control over compliance described in Part III of the accompanying Schedule of Findings and Questioned Costs as item III-A-10 to be a material weakness.

Calamus Wheatland Community School District's responses to findings identified in my audit are described in the accompanying Schedule of Findings and Questioned Costs. While I have expressed my conclusions on the District's responses, I did not audit Calamus Wheatland Community School District's responses and, accordingly, I express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Calamus Wheatland Community School District and other parties to whom Calamus Wheatland Community School District may report, including federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

CALAMUS WHEATLAND COMMUNITY SCHOOL DISTRICT  
Schedule of Findings and Questioned Costs  
For the Year Ended June 30, 2010

**Part I. Summary of the Independent Auditor's Results**

1. Unqualified opinions were issued on the financial statements.
2. Material weaknesses in internal control over financial reporting were disclosed by the audit of the financial statements.
3. The audit did not disclose any non-compliance which is material to the financial statements.
4. A material weakness in internal control over the major programs was disclosed by the audit of the financial statements.
5. An unqualified opinion was issued on compliance with requirements applicable to each major program.
6. The audit disclosed no audit findings which are required to be reported in accordance with Office of Management and Budget Circular A-133, Section .510(a).
7. Major programs were as follows:
  - CFDA Number 84.394 ARRA – State Fiscal Stabilization Fund (SFSF) – Education State Grants, Recovery Act
  - Clustered programs:
    - CFDA Number 10.553 School Breakfast Program
    - CFDA Number 10.555 National School Lunch Program
8. The dollar threshold used to distinguish between Type A and Type B programs was \$300,000.
9. Calamus Wheatland Community School District did not qualify as a low-risk auditee.

CALAMUS WHEATLAND COMMUNITY SCHOOL DISTRICT  
Schedule of Findings and Questioned Costs  
For the Year Ended June 30, 2010

**Part II. Findings Related to the Financial Statements**

**INTERNAL CONTROL DEFICIENCIES**

II-A-10 Segregation of Duties - One important aspect of internal control is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. The cash receipts and disbursements, bank deposits and bank account reconciliations were all handled by the same person.

Recommendation - I realize that with a limited number of office employees, segregation of duties is difficult. However, the District should review its operating procedures to obtain the maximum internal control possible under the circumstances.

Response and Corrective Action Planned - We will review our procedures and implement changes to improve internal control, as we deem necessary.

Conclusion - Response accepted.

II-B-10 Material Misstatement not Detected - During the course of my audit, I discovered material misstatements on the District's Certified Annual Report (CAR) that were not detected by the District's internal controls. Incorrect amounts for the succeeding year property tax receivables and deferred revenue were used. These misstatements will not result in a correction to the beginning balances of the funds on next year's CAR since the ending fund balances were correct for the year ended June 30, 2010.

Recommendation - An effective system of internal control should detect material misstatements in the District's financial records and financial reporting. The District should review their control procedures and make appropriate changes to improve their internal controls to help eliminate this deficiency.

Response - We feel that our business manager has the knowledge needed to adequately perform her duties. The superintendent reviews some, but not all of the work performed and reports prepared by the business manager. We would like to hire additional office personnel to help with the business manager's workload and to provide more oversight and cross-checking of her work. However, with a limited budget, it is difficult to hire enough adequately-trained office personnel to review each other's work. We will review our procedures and consider making changes we deem necessary.

Conclusion - Response accepted.

CALAMUS WHEATLAND COMMUNITY SCHOOL DISTRICT  
Schedule of Findings and Questioned Costs  
For the Year Ended June 30, 2010

INSTANCES OF NON-COMPLIANCE

No matters were noted.

**Part III. Findings and Questioned Costs for Federal Awards**

INSTANCES OF NON-COMPLIANCE

No matters were noted.

INTERNAL CONTROL DEFICIENCY

CFDA Number 10.553 School Breakfast Program  
CFDA Number 10.555 National School Lunch Program  
Federal Award Year: 2010  
U.S. Department of Agriculture  
Passed through the Iowa Department of Education

CFDA Number 84.394 ARRA – State Fiscal Stabilization Fund (SFSF) – Education State  
Grants, Recovery Act  
Federal Award Year: 2010  
U.S. Department of Education  
Passed through the Iowa Department of Education

III-A-10 Segregation of Duties - One important aspect of internal control is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. The cash receipts and disbursements, bank deposits and bank account reconciliations were all handled by the same person.

Recommendation - I realize that with a limited number of office employees, segregation of duties is difficult. However, the District should review its operating procedures to obtain the maximum internal control possible under the circumstances.

Conclusion - Response accepted.

CALAMUS WHEATLAND COMMUNITY SCHOOL DISTRICT  
Schedule of Findings and Questioned Costs  
For the Year Ended June 30, 2010

**Part IV. Other Findings Related to Required Statutory Reporting:**

1. Certified Budget - Expenditures for the year ended June 30, 2010 did not exceed the amounts budgeted.
2. Questionable Expenditures - No expenditures I believe may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979, were noted.
3. Travel Expense - No expenditures of District money for travel expenses of spouses of District officials or employees were noted. No travel advances to District officials or employees were noted.
4. Business Transactions - Business transactions between the District and District officials are detailed as follows:

<u>Name, Title and Business Connection</u>	<u>Transaction Description</u>	<u>Amount</u>
Ryan Vander Heiden, board member part owner of RPJ Enterprises	Bus maintenance & repairs	\$594

The transactions with Board Member Vander Heiden's business does not appear to represent a conflict of interest since it was less than \$2,500, as allowed by Chapter 279.7A of the Code of Iowa.

Recommendation - The District should consult legal counsel to determine the disposition of this matter.

Response - We will review the situation.

Conclusion - Response accepted.

5. Bond Coverage - Surety bond coverage of District officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure that the coverage is adequate for current operations.
6. Board Minutes - I noted no transactions requiring Board approval which had not been approved by the Board.
7. Certified Enrollment - No variances in the basic enrollment data certified to the Iowa Department of Education were noted.
8. Supplementary Weighting - No variances regarding the supplementary weighting certified to the Iowa Department of Education were noted.

CALAMUS WHEATLAND COMMUNITY SCHOOL DISTRICT  
Schedule of Findings and Questioned Costs  
For the Year Ended June 30, 2010

9. Deposits and Investments - No instances of noncompliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the District's investment policy were noted.
10. Certified Annual Reports - The Certified Annual Report was certified timely to the Department of Education.
11. Categorical Funding - No instances were noted of categorical funding being used to supplant rather than supplement other funds.
12. Statewide Sales, Services and Use Tax - No instances of noncompliance with the use of the statewide sales, services and use tax revenue provisions of Chapter 423F.3 of the Code of Iowa were noted.

Pursuant to Chapter 423F.5 of the Code of Iowa, the annual audit is required to include certain reporting elements related to the statewide sales, services and use tax revenue. For the year ended June 30, 2010, the District's financial activity and other required information for the statewide sales, services and use tax revenue are as follows:

Beginning balance		\$ 312,647
Statewide sales and services tax revenue		374,163
Interest earned		836
Expenditures/transfers out		
School infrastructure		
Equipment	\$ 215,815	
Other improvements	79,173	
Debt service for school infrastructure		
Revenue debt	<u>232,240</u>	<u>\$ 527,228</u>
Ending balance		<u>\$ 160,418</u>

The statewide sales, services and use tax revenue received during the year ended June 30, 2010 is equivalent to a reduction in the following levies:

	Per \$1,000 of Taxable Valuation	Property Tax Dollars
Debt service levy	\$ 1.74623	\$ 232,240
Physical plant and equipment levy	1.06713	<u>141,923</u>
		<u>\$ 374,163</u>

CALAMUS WHEATLAND COMMUNITY SCHOOL DISTRICT  
Schedule of Findings and Questioned Costs  
For the Year Ended June 30, 2010

13. Deficit Balance - The District had an unreserved fund deficit in the Debt Service Fund of \$34,160 at June 30, 2010.

Recommendation - The District should continue to monitor this fund and investigate alternatives to eliminate this deficit in order to return the fund to a sound financial condition.

Response - We will review the situation and implement changes, as needed.

Conclusion - Response accepted.

CALAMUS WHEATLAND COMMUNITY SCHOOL DISTRICT

Summary Schedule of Prior Federal Audit Findings  
For the Year Ended June 30, 2010

The district was not required to have a Single Audit in compliance with OMB Circular A-133 for the prior year (year ended June 30, 2009) therefore, there were no prior audit findings to report.
